About the
Department

Since its inception, the Electrical and Electronics Department has been one of the fastest-growing departments in Bungoma North Technical and Vocational College. The department is equipped with a modern workshop featuring state-of-the-art tools and equipment, providing students with hands-on experience in electrical and electronic engineering fields. Our dedicated staff members are well-trained and possess in-depth knowledge of the latest industry technologies. To ensure that our training meets global industry standards, our faculty
